THE DISCIPLE MAKER INDEX VIRTUAL

OUTCOMES FOR THE PARISH

Through partnership with Catholic Leadership Institute, parishes will be equipped to focus their time and energy to support their parishioners' spiritual growth by:

- + Receiving comprehensive feedback from parishioners on their spiritual journey and relationship with the parish
- + Identifying top areas of strength and opportunity for growth in the parish
- + Applying focus and direction to areas of growth to move the parish forward
- + Implementing data-driven decisions to help parishioners grow in their faith
- + Communicating to the parish a plan for next steps

THE ROAD TO GET THERE

*“The Disciple Maker Index is a fantastic tool that allows me to add more intentionality to the work that I do. When I am able to know and realize and I understand where I need to go, then it is easier to add **intentionality**, and **purpose**, and **sense of direction** to what I do”*
